• WHAT TO WEAR

You should feel really comfortable in what you're wearing. In general, contrasting tops and bottoms work well. Coordinated outfits (as opposed to all matching) photographs really well. There are some exceptions to this such as all white or white with jeans if you are going for a more classic look. I've put together [this Pinterest board](#) to give you ideas of what to wear. Hair accessories are great for kids with long hair especially at the beach where it can be windy.

• WHAT TO BRING

For engagement sessions, you can bring along another outfit to change looks mid-session (recommended for 1 or 2 hour sessions). For small children you can bring drinks and snacks, and if the location is at the beach, towels and a change of clothing can come in handy. A small blanket is helpful for children who aren't walking yet. Since it's often windy at the beach, hair accessories are highly recommended to keep hair out of people's faces.

• LATE FEES

Please allow enough time for traffic and parking to arrive at the agreed upon location. Clients arriving more than 15 minutes late to a session have the option of deducting from the time allotted to their session or paying for overtime unless there is a following photo shoot with another client. Overtime is \$100 per half an hour, \$200 per hour.

• AFTER THE SESSION

In about 1-2 weeks after the session, I will email you a link to view your gallery. It will be online and active for 14 days to give you time to place your order. All the photos in your gallery will have already been edited for optimum brightness, contrast and color balance.

Basic & advanced retouching is available on a per photo basis. Basic retouching is \$15 per photo and includes removal of minor facial blemishes (acne, bags under eye), stray hair, and teeth whitening. Advanced retouching is \$39 per photo and includes removal of facial and skin blemishes, teeth whitening, smoothing of skin, removal of distracting objects and stray hair; and slimming of body or individual body parts.

Galleries that need to be extended for an additional 14 days will incur a \$30 fee. Due to the large amount of storage space required for today's digital imaging technology and the large quantity of images I create per year, I can only keep your image files in my system for 30 days. After 30 days, all images will be deleted from my system. Also, please note that a selection of the photos may be posted online as an example of my work unless otherwise requested.

• CANCELLATION POLICY

In the case of inclement weather, the client has the option of getting a full refund or rescheduling for a later date. A \$50 fee will be retained for cancellations made with less than a 24 hour notice and the entire session fee will be retained if client fails to show.

• ARTWORK

Once your gallery is emailed to you, you will have the option to order custom artwork for your home.
